

# MENTORA

## Transforming ideas into medical devices

Our MENTORA program provides you the opportunity to successfully CE mark medical devices in collaboration with 41medical.

Under 41medical's quality system, you bypass the effort building your own quality system and benefit from R&D, production, quality and regulatory affairs best practices. This enabling shorter time to market, cost reduction and better market visibility.

### Your benefits in our MENTORA

- ✔ **Cost and time savings** through the use of 41medical quality management system.
- ✔ **Access to the expertise** of the 41medical team.
- ✔ Utilization of a **trusted and well-established supplier network**.
- ✔ Access to **established and known regulatory pathways** with various authorities.
- ✔ Access to the established and highly regarded **health care professional network** of 41medical
